

hatponboard-lib - Bug #38

Freeze on some domain

2014-04-29 17:23 - Raphaël Lallement

Status: New	
Priority: Low

Target version:	
Description	
hatponboard freezes on certain domains. See enclosed.	
Seems in fact that the system is just computing several plans that do not improve the solution so hatponboard does not give any output.	
As to be thoroughly checked.
